Registration as Material Supplier

Dear Sir,

Thanking you for spending some time for understanding SpringTech and our services. I further like to elaborate ourselves as a professional **outsourcing** and **trading company**, dealing in all types of **mechanical / electrical** items.

SpringTech has strong relations with the local and foreign organizations having good repute in their respective manufacturing fields; we have the capability to satisfy our customers varied requirement from the OEM items to the customized designed specifications.

I would be delighted if you could include our selves in your preferred vendor list and impart us equal opportunities to compete in your varied material requirements.

We do our utmost efforts to satisfy our clients.

Thanking you, we remain.

Sincerely

Sheikh Kamran
